

Church Statistics:

Every year the National Church requires us to count the number of worshippers present on a Sunday, identifying the number of adults over the age of 18, the number of youth aged 13-17 and the number of children aged 0-13. The Church uses these statistics as information for their own census and also as a base for determining the levies each church pays the PCANZ each year.

For your information Leith Valley's stats for last June were (average number of)

Adults: 119, Youth: 11, Children: 51
